Al-Azhar University
بكالوريوس - Medicine

"I am currently pursuing my medical degree at Al-Azhar University, where I focus on gaining a deep understanding of the medical sciences. My studies involve a wide range of disciplines, from anatomy and physiology to clinical practice, preparing me to become a skilled healthcare professional. The program is rigorous and demands dedication, but it equips me with the knowledge and skills needed to make a positive impact in the medical field."

الدورات التدريبية

Almdrsa
مسار بناء مواقع ويب تفاعلية ومتجاوبة باستخدام HTML & CSS

"I am learning the basics of web development through the Almdrasa platform, starting with HTML and CSS. This path teaches me how to structure web pages using HTML and style them with CSS, helping me build a strong foundation in front-end development. The platform provides step-by-step tutorials and practical exercises, making it easier to understand and apply the concepts effectively in real-world projects."

NFT card componen

In this small project, you'll build out your NFT preview card component. You can even personalize it and use it to share all your profiles!

Mohamed El-Naggar
Front End-Devolper

My name is Mohamed El-Naggar, a medical student at Al-Azhar University, and I aspire to build a strong career in programming alongside my studies. I divide my time between worship, studying, and self-development. I am committed to balancing my academic life with advancing my programming skills, relying on trusted Arabic educational resources such as YouTube channels like Osama Elzero and Almdrasa. I'm always striving to improve myself and ".succeed in both the academic and tech fields
